

SITE VOLUNTEER OPPORTUNITY: Join Our Adventure in 2025!

For exactly 50 years, Marble Hill Adventure Playground and One O’Clock Club has provided children with a unique and exciting environment to play, create and interact in the beautiful parkland landscape. The site includes three buildings dating from the 1970s, which we maintain in partnership with English Heritage. We also have grassed and paved areas, mature trees, and of course our towering wooden play structures and equipment.

The role of site volunteer is highly flexible, helping to oversee site improvements of various kinds, whether building projects, landscaping, or ongoing maintenance of the swings. You may wish to get hands-on yourself, offer your knowledge and skills to help us plan and cost projects, or simply represent trustees when teams are meeting on site. You can enjoy a cup of tea with our sociable team of playworkers, or enjoy the sense of space and peace whilst making a visible difference to a place that is hugely valued by the children and families who come here.

For more information or an informal chat contact kate@marblehillplaycentres.com with “site volunteer” in the heading.
